

# ENMAR MARINE GREASE EP

## PRODUCT DESCRIPTION

**ENMAR MARINE GREASE EP greases** have been developed for automotive applications where the benefits of lithium base thickened greases have excellent extreme pressure, load carrying and anti-wear properties in both steel-on-steel and steel-on-bronze applications. It contains an effective oxidation and rust inhibitor and is an ideal multipurpose grease suitable for use in a wide range of applications.

## APPLICATIONS

- ◆ Automotive vehicles
- ◆ General construction equipment
- ◆ Heavy earthmoving vehicles, mobile quarry equipment and mining
- ◆ Agriculture equipment
- ◆ Chassis grease lubrication points
- ◆ Effective temperature range

## RECOMMENDATIONS

Many plain and rolling bearings are subjected to heavy shock loading conditions where conventional greases may not give adequate protection. **ENMAR MARINE GREASE EP** minimizes wear under these loading conditions and resists water wash-out, especially where equipment is constantly working under damp or very wet conditions. It is also effective over a wide temperature range and protects against rust and corrosion. Where equipment is lubricated by centralized grease systems, **ENMAR MARINE GREASE EP** offers excellent pumpability characteristics and does not cause blockages in the distribution system.

***Always follow equipment manufacturer's recommendation for required grease performance and re-lubrication periods.***

## BENEFITS

**ENMAR MARINE GREASE EP provides:**

- ◆ Excellent extreme pressure properties
- ◆ Resistance to water wash-out
- ◆ Suitability in wide temperature range
- ◆ Good pumpability
- ◆ Good mechanical stability
- ◆ Multifunctional use

Technical Data*				
NLGI Grade	0	1	2	3
Dropping point, °C	186	196	204	204
Penetration, Worked @ 25°C	345	326	280	236
Colour	Dark Brown	Dark Brown	Dark Brown	Dark Brown
<b>Oil Viscosity:</b>				
mm <sup>2</sup> /s @ 40°C	200	200	200	200
mm <sup>2</sup> /s @ 100°C	17.50	17.50	17.50	17.5
Timken OK load, Kg	20	20	22	25
Operating temperature range °C	-30 to 120	-25 to 120	-25 to 120	-20 to 120

\*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

### HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENMAR Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
