

ENMAR LSF

PRODUCT DESCRIPTION

ENMAR LSF - are a range of high-performance Marine Engine oils developed for high output, Trunk Piston Diesel Engines burning distillate or medium sulphur heavy gas oil fuel. They incorporate proven performance dispersant and detergent technology developed to provide long life lubrication in modern and older engines that are operating in coastal shipping or power generation applications.

APPLICATIONS

- ◆ High output Trunk Piston Engines burning distillate fuels where the sulphur content is <0.5%.
- ◆ Lubrication of turbocharged Trunk Piston Engines used in marine and stationary applications.
- ◆ Generally, for the smaller, higher rpm medium speed engines also suitable for stand-by generations.

BENEFITS

ENMAR LSF provides:

- ◆ Improved dispersant/detergent technology to reduce deposit formations.
- ◆ Long engine and oil service lives.
- ◆ Effective neutralization of combustion acids.
- ◆ Excellent protection against bearing corrosion.
- ◆ Superior resistance to oxidation and oil thickening Technical.

ENMAR LSF meets performance MAN B&W; WARTSILA and Cummins for four-stroke engines.
